***"I have yet to meet a customer who regretted having a Service Plan when repairs were needed. Nobody wants an unexpected bill, and not only that - our plans are a great value."***

## **Our plans offer you Peace of Mind**

***We make warm friends  
and keep you cool.***

***see what  
our customers  
are saying...***

***My husband and I have been customers for decades. Recently our boiler started acting up and I had to call for help on a cold Sunday morning because we had no heat.***

***Jeff came and did all he could, then Jim joined him and, together, they diagnosed the problem and fixed it. Despite the fact that they had to work on a weekend, they were polite, considerate, and acted in a very professional manner... Throughout, he was a methodical troubleshooter, and seemed very dedicated to the goal of keeping us warm.***

***I wanted you to know that we were very pleased with both of the members of the repair team and can't thank them enough.***  
- Karen G

***"Thank you for the excellent customer service. The tech that was sent is a great asset to your company. He went above and beyond for the customer"***  
- Thomas F.

***"I never personally saw the tech at 11PM when we had no heat. But a huge thank you for coming out at that time of night and getting us heat."***  
- Larry C."
